

8th Goomboorah Park X Country

The 8th Goomboorah Cross Country prep race had a record participation of 50 runners, some 16 more than last year. Although this race is put on specifically to prepare Peninsula runners for the State Titles it was gratifying to see such a big turnout of senior runners.

It's wonderful to see runners of all ages competing in the same race. The weather was cool – ideal for cross country running. The race had a good, healthy vibe of happy people really enjoying themselves and there were no complaints. It is a pity that we will no longer be able to have this race at this venue.

Many thanks to Karen StAmand, Mandy Anderson and Michelle Farkas for helping me with the timing. We had some difficulty determining who had run 2 km and 4 km. I take responsibility for all typos.
